Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Wednesday 29 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A brighter and drier day with the occasional shower.

Today:
A breezy day with a mixture of sunny spells and scattered showers. Showers will be most frequent in the northwest through the morning, before turning lighter and fewer and further between for the afternoon. Maximum temperature 15 deg C (59 deg F).

Tonight:
Showers will fade through the evening to leave a dry night with clear spells. However, it will become cloudier through the small hours with spells of rain expected by dawn. Minimum temperature 14 deg C (57 deg F).

Thursday:
A largely cloudy, wet, and windy day with spells of rain, heavy at times, especially during the afternoon, clearing eastwards across the region. Maximum temperature 17 deg C (63 deg F).

Outlook for Friday to Sunday:
Largely dry on Friday with the odd shower, then becoming much wetter on Saturday with heavy rain likely, becoming brighter on Sunday with locally heavy and blustery showers.
